LEGISLATIVE ASSEMBLY.

PRIVATE BILLS.

EXCERPT FROM RULES AND ORDERS RELATING TO PRIVATE BILLS.

RULE 59.

ALL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867," whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, or Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows:—

In the BRITISH COLUMBIA GAZETTE, and in one newspaper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House, to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committee charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, together with the notices published. At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¼ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Pri-

vate Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901, (see Journals, 1901, page 58), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.

Under a new rule, see Journals 7th March, 1908, in the case of Bills to Incorporate Companies, in addition to the fee of \$300 mentioned in rule 57, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

DOMINION ORDERS IN COUNCIL.

[1882].

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 9th day of September, 1909.

PRESENT :

HIS EXCELLENCY THE DEPUTY GOVERNOR-GENERAL IN COUNCIL.

THE Minister of the Interior states, under date the 2nd September, 1909, that an application has been made by the Burrard Power Company, Limited, for the right to erect a dam at the lower end of Lillooet Lake, in the Railway Belt, in British Columbia, for the purpose of raising the water in the lake, and to divert the water to a power-house to be erected about four miles down the Lillooet River from the lower end of the lake for the purpose of generating electric power, and there return the water to the Lillooet River. The Company also applies for the right to the use of 25,000 miner's inches of water in the Lillooet Lakes and tributaries.

A report on the application and an examination of the site of the proposed dam and works has been made by an engineer of the Department of the Interior, whose report under date 18th July, 1909, recommends (a) that the Company be allowed to build a dam at the outlet of Lower Lillooet Lake to a height to be approved by the Minister of the Interior, and (b) that the Company be allowed to divert 700 cubic feet per second at said dam, same to be returned to the Lillooet River about five miles below the dam, subject to:—

1. A flow of water to be allowed to pass through the dam into the channel of the Lillooet River, to the extent deemed necessary by the Minister:

2. The Company to pay damages caused by flooding:

3. The grant to conform to clauses 1, 2, 3, 5, 6, 7, 8 and 10 of the Regulations governing the mode of granting water power rights in the Provinces of Manitoba, Saskatchewan and Alberta.

The Minister is of the opinion that it is in the public interest that the said Burrard Power Company be authorised to proceed with the construction of works for the development of water power without delay, in order to supply power for industrial purposes, as contemplated by its Memorandum of Association.

The Minister, therefore, recommends that should the said Company have complied within 90 days with all the requirements of clauses 2, 3, and 5 of the said Regulations, and subject to his having approved of the proposed works, he be authorised to enter into an agreement with the said Company, in accordance with section 6 of the said Regulations. The time within which the proposed works shall begin shall be within one year of the date of the agreement. The minimum amount of expenditure to be made in connection with the works annually during the term of the agreement shall be \$25,000. The amount of water power to be developed within five years, from the water for which licence under the Regulations is to be issued, shall be 3,000 H.P.

The Company shall also, before commencing the proposed works, have entered into an agreement with the Minister of the Interior, as representing the Government of Canada, providing:—

1. That a flow of water be allowed to pass through the dam into the channel of the Lillooet

River, to the extent deemed necessary by the Minister of the Interior:

2. That the Minister of the Interior shall have the right to place an Inspector on the work for the purpose of seeing that the dam and other works are carried out in accordance with the approved plans and the proposed agreement, the salary of such Inspector to be paid by the said Company:

3. That the Company shall, after the completion of the dam, maintain and operate the same to the satisfaction of the Minister of the Interior, who shall have the right, at the expense of the Company, to have the same inspected as the Minister of the Interior may require, by an officer appointed by the Minister:

4. That the Company shall furnish and keep in force security approved by the Minister of the Interior for the payment by it of all damage that may at any time be occasioned by the construction or operation of the dam, or by any breaking of or other injury to said dam after its construction.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,

de23

Clerk of the Privy Council.

[1884].

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 9th day of September, 1909.

PRESENT :

HIS EXCELLENCY THE DEPUTY GOVERNOR-GENERAL IN COUNCIL.

ON a Memorandum dated 31st August, 1909, from the Minister of the Interior, referring to the Order in Council, dated 31st May, 1902, authorising the issue of a patent for a certain tract of land comprising about 18,000 acres surrounding Coquitlam Lake and River, in the Railway Belt of British Columbia, in favour of the City Council of New Westminster, upon receipt by the Department of Interior of the sum of \$250.00 and upon the said City Council filing in the Department of the Interior, at their own expense, a plan of survey of the tract applied for approved by the Surveyor-General of the said Department.

The Minister submits that the land proposed to be sold is stated in the said Order in Council to consist almost entirely of barren rocky hills, with a few patches of comparatively level land from a few yards to a couple of acres in extent, and the reason given for the sale to the Corporation of such a large area is that the City's water supply is taken from this lake and it is desirable that the water may be preserved from contamination.

The said City has not paid the amount stated, nor has it caused the said survey to be made and no patent has been issued for any of the lands to the said City of New Westminster.

The works of the Corporation in connection with its water supply has never been duly authorised, and it has no right to take the waters of Coquitlam Lake and River.

No such authority or right is intended to be given by this Order in Council if approved, but pending any future disposition of the waters of Coquitlam Lake and River, the arrangements hereinafter mentioned have been made for preserving from contamination the water supply which the Corporation is actually obtaining from such waters in lieu of the grant of lands proposed to be made for such purpose by the said Order in Council of 31st May, 1902.

By an Order in Council dated 19th June, 1902, the Vancouver Power Company, Limited, was allowed to purchase from the Department of the Interior the land it required from out of the said tract in connection with works that Company then proposed to erect, the City Council of New Westminster having in writing consented to the application being granted, but the said Company did not agree nor obligate itself in any way to maintain the purity of the water of the lake, and for that reason such consent was considered necessary.

The said Vancouver Power Company, Limited, has recently applied to the Department of the Interior for approval of the proposed further development of its hydraulic undertaking at Coquitlam Lake, and desires permission to purchase such additional lands adjoining and lying to the south of the Company's present property as may be required for the Company's undertaking. The proposed works of the Company will also flood a considerable area of the lands surrounding Coquitlam Lake, all of which are also included in the tract proposed to be sold to the City Council of New Westminster.

The said Vancouver Power Company has informed the Minister of the Interior that it is prepared to enter into an agreement with the Minister.

(a.) To place in the dam forming part of its contemplated new works a pipe for the supply of water to the City of New Westminster, of such size not to exceed four feet in diameter, and of such material as may be acceptable to the City engineer of the said City, said dimension being stated by the Company, to give a capacity twenty-one times greater than the City's present pipe at the existing works of the Company:

(b.) That the plans of the intake tower and screens, intake gates, etc., for the New Westminster City water supply, as submitted to and approved by the Municipal Council of the said City, shall be faithfully carried out by the Company to the satisfaction of the City engineer of the said City and at the expense of the Company:

(c.) That the water supply of the City of New Westminster shall be furnished at the same pressure it now receives, or at the option of the City, at as much as the head of water in the lake will afford:

(d.) That the Company shall remove, without reducing the net hydraulic head, the vegetable growth and objectionable micro organisms and all impurities, colour, odour and taste that may be inflicted on the water supply of the City of New Westminster as a result of the construction and operation of the dam:

(e.) That the Company shall abide by, conform to and enforce upon their lands all reasonable and sanitary rules and regulations which may be promulgated by the City of New Westminster, subject to an appeal to the Honourable the Minister of the Interior as to the reasonableness of, or necessity for, any such rules or regulations.

The Minister having satisfied himself of the financial ability of the said Vancouver Power Company, Limited, to carry out its undertaking, and the said Company having agreed with the Department of the Interior to furnish a bond in a sufficient amount to keep and maintain the purity of the water supply in Coquitlam Lake and River at and above the intake pipe, there is now no further reason for the reservation of the lands described in the said Order in Council dated 31st May, 1902, for the purpose of being sold to the City of New Westminster, but sufficient protection will be given to the water supply of the said City by the above-mentioned proposed agreement and bond, and by the continuance of the reservation of the remainder of the said lands, subject only to disposition as the Governor-General in Council may direct.

The Minister, therefore, recommends that the said Order in Council of the 31st May, 1902, be cancelled, and that the lands therein described, excepting thereout the lands already sold and now proposed to be sold to the Vancouver Power Company, Limited, be reserved from disposition, except only as the Governor-General in Council may order.

The Minister further recommends that the Order in Council dated 17th August, 1904, under which the timber on the said tract of land was reserved from sale for the further purpose of protecting the said water supply be also cancelled.

The Committee submit the same for approval.

RODOLPHE BORDREAU,

Clerk of the Privy Council.
